NEW

Overall a 10/10 experience. Not only is the store filled with East Asian beauty with skincare from all around east Asia (Korea, Japan, and China) but makeup as well. I especially love how they have a collection from Flower Knows as no other store that I know has such collection. Furthermore the customer experience at this branch is top notch. All of the staff were incredibly accommodating and even when the store gets busy they always give their best attitude. The store is also bright so the lighting is very good for pictures too.

I stumbled into this store and was so glad I did. Janna was wonderful. She showed me around, introduced me to all this cute stuff and I walked away with a tonne of excellent, decently priced makeup. If you want a break from Sephora and want to try something different, I recommend you come here.
